

The Watchers & Their Release — A Canonical Reference & Explanation Sheet

Prepared by King Rhema under the authority of Yeshua HaMashiach, in covenantal accord with Biblaridion144 — for the purification and edification of the record.

Prefatory Note: Why This Document Exists

The Watchers-Release document was originally compiled during a season of syncretism — drawing on esoteric and occultic sources (Manly P. Hall, kundalini frameworks, hermetic axioms such as "as above, so below," druidic and initiatory language) alongside canonical texts (Geneva Bible, Dead Sea Scrolls, Book of Jubilees, Book of Jasher, Book of Enoch). The document reflects the author's own words: *"I am an initiate of the esoteric, I seek to separate from the vulgar."* [¹]

This canonical reference sheet now serves a distinct purpose: **to receive what is true, testify against what is false, and reframe the entire discussion under the undivided authority of Adonai-YHVH and the Lordship of Yeshua HaMashiach.** As the author himself declared upon releasing this document — he used occultic language from his past *"so the system may testify against itself."* That testimony is now rendered here. Amen.

Section 1 — The Document's Core Topics at a Glance

Topic in Document	Occultic/Esoteric Framing Used	Canonical Purification
The Americas & Covenant	"New Atlantis," esoteric World Plan, outside covenant	The earth is YHVH's; covenant purposes extend by revelation of Yeshua HaMashiach to all nations (Acts 17:26)
The Watchers	"Fallen angels bound 70 generations — their release marks cosmic renewal"	The Watchers' release is judgment unfolding — NOT renewal for fallen spirits but the outworking of divine sentence (1 Enoch 10; Jude 1:6; 2 Peter 2:4)
Serpent Mound symbolism	"Kundalini energy," "spiritual awakening," cosmic serpent	The Nachash is identified by YHVH as adversary (Genesis 3:14-15); serpent imagery in the Americas points to the same spirit of deception that fell
Plumed Serpent (Quetzalcoat/Kukulkan)	"Cosmic connector," "as below, so above," archetype of transformation	These are principality-level spirit beings misidentified as divine intermediaries; the only Mediator between heaven and earth is Yeshua HaMashiach (1 Timothy 2:5)
Paleo-Hebrew in the Americas	Sacred mercantile marker, pre-Babel trade routes	Points to the reach of Shem's lineage and the dispersal of nations (Genesis 10; Table of Nations); the Word was never absent from the earth
Orphan Trains & Root-Cutting	Liberty through displacement, "druidic rediscovery"	Root-cutting is the work of the adversary (John 10:10); yet YHVH redeems foundlings and the fatherless — He is <i>Ab ha-Yetomim</i> , Father of the fatherless (Psalm 68:5)

Topic in Document	Occultic/Esoteric Framing Used	Canonical Purification
Numerological Cycles (49x49, 70 generations)	Sacred numerology, initiatory thresholds	Jubilee cycles (Leviticus 25) belong to YHVH as His appointed times — not to esoteric initiation systems

Section 2 — The Watchers: Who Are They?

Canonical Definition

The **Watchers** (Aramaic: *ʿīyr*, ܥܝܪ — "the Wakeful Ones") are a class of angelic beings referenced across a consistent body of canonical and deuterocanonical scripture:

- **Daniel 4:13, 17, 23** — Watchers are described as "holy ones" who bring decrees from the Most High. In the context of Daniel, the term applies to angels who carry out the judgment and governance of Adonai-YHVH.
- **1 Enoch 6–16** — The Watchers who *fell* are the 200 who, under the leadership of Shemihaza and Azazel, descended upon Mount Hermon and took human wives, producing the Nephilim (Genesis 6:1–4). They transmitted forbidden knowledge: sorcery, metallurgy for warfare, enchantments, and the cutting of roots (pharmakeia).
- **Book of Jubilees 5:1–11** — Confirms the binding of these fallen Watchers as judgment, with the earth's corruption as the cause of the Flood of Noah.
- **Jude 1:6** — *"And the angels which kept not their first estate, but left their own habitation, He hath reserved in everlasting chains under darkness unto the judgment of the great day."* (Geneva Bible)
- **2 Peter 2:4** — *"For if God spared not the angels that sinned, but cast them down to hell [Tartaros], and delivered them into chains of darkness, to be reserved unto judgment..."*

The 70-Generation Binding

1 Enoch 10:11–15 states that YHVH commanded the archangel Michael to bind Shemihaza and his companions *"for seventy generations in the valleys of the earth, until the day of their judgment and consummation."* This is the specific passage the Watchers-Release document references.^[1]

Canonical Expansion: The 70-generation count from Enoch's perspective is calculated variously by scholars, but the key canonical principle is this: the judgment belongs entirely to Adonai-YHVH. The timing of *any* release or final adjudication is set by His sovereign decree alone — not by sacred geometry, not by the position of stars, and not by initiatory cycles encoded in earthworks. Revelation 20:1–3 confirms that the binding and release of the chief adversary and his host is exclusively in the hands of YHVH's messenger — not unlocked by human or occult agency.

Section 3 — The Americas, Covenant, and the Nations

What the Document Claims

The Watchers-Release document draws on Manly P. Hall's esoteric framework to argue that the Americas were *outside* the Noahic and Mosaic covenants — a "New Atlantis" reserved for a higher spiritual destiny under a universal esoteric plan. The indigenous civilizations (Olmec, Maya, Aztec, Inca, Ancestral Puebloans) are framed as "custodians of profound esoteric wisdom" with their own initiatory paths.^[^1]

Canonical Purification

This framing must be received with great discernment:

1. **The Table of Nations (Genesis 10; Jubilees 8–9)** establishes that YHVH divided all the earth among the sons of Noah — including lands unknown to the authors of those texts by name, but not unknown to YHVH. *"He determined the times set for them and the exact places where they should live"* (Acts 17:26). The Americas were not outside YHVH's governance — they were outside the *covenant revelation* given through Shem, pending the fullness of time.
2. **The Noahic Covenant (Genesis 9:9-17)** was made explicitly *"with every living creature"* on the face of the earth — without geographic restriction. The rainbow sign was set universally. No land mass is excluded from YHVH's dominion or from the Noahic promise.
3. **The Mosaic Covenant** was indeed specific to the nation of Israel; it was not designed for the nations at large. However, the **New Covenant in the blood of Yeshua HaMashiach** (Jeremiah 31:31-34; Hebrews 8:8-12; Luke 22:20) is extended to *all nations, tribes, tongues and peoples* — including the peoples of the Americas (Revelation 7:9).
4. **Manly P. Hall's "New Atlantis" framework** is a direct inversion of scriptural truth. Hall drew heavily on Francis Bacon's *New Atlantis* (1627), itself a Rosicrucian-Freemasonic vision for a new world order governed by occult fraternal orders. The idea that the Americas hold a special esoteric destiny *separate from* the covenants of YHVH is a deception of the first order — it is the spirit of Babel reassembled on new soil (Genesis 11:1-9).

Section 4 — The Serpent Mound and the Nachash

What the Document Claims

The Great Serpent Mound (Peebles, Ohio) is interpreted in the Watchers-Release document through an esoteric lens: the serpent as a *"cosmic connector,"* its tail a *"spiritual portal,"* the egg in its mouth as *"the golden age hatching anew,"* linked with *"kundalini energy"* and cyclical transformation.^[^1]

Canonical Purification and Expansion

The Great Serpent Mound is a genuinely remarkable earthwork — an effigy mound approximately 1,348 feet in length, built by the Fort Ancient culture (c. 1000 CE) or possibly the Adena culture (c. 800 BCE–100 CE), aligning with the summer solstice sunset. It is among the largest effigy mounds in the world. Its spiritual significance to its builders is real.

However, the canonical frame is decisive:

- **Genesis 3:14-15** — YHVH cursed the Nachash (Serpent/Adversary) above all creatures and declared the *Protoevangelium*: "*I will put enmity between thee and the woman, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel.*" The serpent is not a cosmic connector — it is a defeated adversary whose head is crushed by the seed of the woman, Yeshua HaMashiach.
- **Numbers 21:8-9** — The bronze serpent (Nehushtan) was a *type* — a temporary, YHVH-commanded sign pointing forward to Yeshua being *lifted up* (John 3:14). It was later destroyed by Hezekiah because Israel began to worship it (2 Kings 18:4). The lesson: even YHVH-appointed signs become snares when worshipped in themselves.
- **"Kundalini"** is a Sanskrit term from Tantric and Yogic traditions referring to a serpentine energy force said to lie coiled at the base of the spine. This framework has no canonical basis. In the purified reading, what esoteric traditions call "kundalini awakening" is, scripturally, the activation of *the spirit of man* — not through serpent forces, but through the *Ruach HaKodesh* (Holy Spirit) given by Yeshua HaMashiach (John 20:22; Acts 2).
- **"As above, so below"** (*Hermetic axiom from the Emerald Tablet of Hermes Trismegistus*) — This principle is a counterfeit of the covenantal truth: YHVH's will done "*on earth as it is in heaven*" (Matthew 6:10). The Hermetic version severs the authority of YHVH and places the practitioner as the axis point between realms — a usurpation of the priestly role that belongs exclusively to Yeshua HaMashiach, our Great High Priest (Hebrews 4:14).

Section 5 — Quetzalcoatl, Kukulcan, and the Plumed Serpent

Canonical Identification

The document frames Quetzalcoatl (Nahuatl: "feathered/plumed serpent") and the Mayan Kukulcan as "*cosmic connectors*" bridging earth and sky, embodying transformation and cosmic duality. These figures dominated Mesoamerican religion for over 1,000 years.[^1]

Canonical Purification: Deuteronomy 32:16-17 states that the nations "*sacrificed unto devils, not to God; to gods whom they knew not, to new gods that came newly up.*" Paul affirms in 1 Corinthians 10:19-20 that "*the things which the Gentiles sacrifice, they sacrifice to devils, and not to God.*" The Plumed Serpent deities were not neutral archetypes — they were principality-level spiritual entities receiving worship, blood sacrifice, and cosmic authority over the nations assigned to them at the division of Babel.

Canonical Expansion: Deuteronomy 32:8 (Dead Sea Scrolls reading: "*He set the bounds of the people according to the number of the sons of God*") reveals that the nations were apportioned to

angelic overseers (the "sons of God," *bene Elohim*) after the Babel judgment. YHVH retained Israel as His own portion (Deut. 32:9). This means the indigenous civilizations of the Americas were under principality governance — not abandoned by YHVH but governed by powers who had themselves been given authority, and who in many cases corrupted that stewardship into systems of false worship and sacrifice. The New Covenant in Yeshua HaMashiach reclaims all nations from under these principalities (Colossians 2:15; Ephesians 1:21).

Section 6 — Paleo-Hebrew in the Americas

What the Document Claims

The document notes artifacts and inscriptions resembling Paleo-Hebrew script near ancient copper mines in Michigan and Central America, suggesting early transoceanic contact with Hebrew-speaking peoples and possible pre-Babel language traces.^[^1]

Canonical Consideration

This is the least problematic section of the document and points toward genuinely compelling historical questions:

- The **Los Lunas Decalogue Stone** (New Mexico) and **Bat Creek Stone** (Tennessee) contain inscriptions that some researchers identify as Paleo-Hebrew, though mainstream archaeology remains contested on their authenticity.
- **Copper mining in Michigan's Upper Peninsula** (Isle Royale, Keweenaw) was conducted on a vast scale from approximately 3000–1200 BCE — and the copper largely *disappeared* from the archaeological record, suggesting export trade to an unknown destination that some researchers connect to Bronze Age Mediterranean networks.
- The canonical significance is this: YHVH's Word and the knowledge of His Name were never fully extinguished from the earth. "*He left not Himself without witness*" (Acts 14:17). If Paleo-Hebrew traces in the Americas are authentic, they testify not to an esoteric mercantile elite but to the reach of YHVH's covenant peoples and the universal dispersal of witness to His Name.

Section 7 — Root-Cut Nations, Orphan Trains, and Overlay Histories

What the Document Claims

The Watchers-Release document examines the **Orphan Train Movement** (c. 1854–1929) — in which approximately 200,000 children from overcrowded Eastern cities were relocated to Midwestern and Western rural homes — as an example of systemic root-cutting: severing ancestral lineages and imposing new identities. The document frames the ancestral mounds as "*spiritual homes and portals for departed souls*" into which the displaced children were absorbed.

^[^1]

Canonical Purification and Expansion

The root-cutting analysis is historically accurate and spiritually significant — it just requires a clean canonical frame:

- **Root-cutting** is identified in scripture as a weapon of the adversary. Isaiah 14:30 uses the image of YHVH cutting the root of the adversary's nation. John 10:10 — "*The thief cometh not but for to steal, and to kill, and to destroy.*" Deliberate severing of children from lineage, language, and covenant memory is a form of spiritual destruction.
- **YHVH is the Redeemer of the Root-Cut.** Isaiah 58:12 — "*And they that shall be of thee shall build the old waste places; thou shalt raise up the foundations of many generations; and thou shalt be called, The repairer of the breach, The restorer of paths to dwell in.*" The foundling, the displaced child, the root-cut nation — all are candidates for radical restoration under YHVH's covenant of redemption.
- **"Ancestral mounds as portals for the departed"** — This framing must be corrected. The scripture is clear: the dead do not inhabit sacred sites as accessible spirit presences available for communion. "*It is appointed unto men once to die, but after this the judgment*" (Hebrews 9:27). The veneration of mounds as portals to departed ancestors is necromantic in structure (Deuteronomy 18:11), even when unintentional. The departed are in YHVH's keeping — not circulating through earth portals. The mounds are historically significant; they are not spiritual antennae.
- **Liberty through displacement:** The paradox the document identifies is real — displacement can, by the sovereignty of YHVH, produce unexpected freedom and new covenant ground. Joseph was root-cut by his brothers' betrayal and YHVH redeemed it entirely (Genesis 50:20). The Orphan Train generation's displacement was real suffering; YHVH's redemptive reach into that suffering is equally real.

Section 8 — Celestial and Numerological Cycles

Canonical Frame for the Numbers

The document references two key numerical structures:[^1]

49x49 (Jubilee structure):

- The 49-year Jubilee cycle (7 sabbaths of years $\times 7 = 49$ years, with the 50th year as the Jubilee of release) comes from Leviticus 25:8-12. This is a YHVH-ordained cycle of land release, debt cancellation, and liberty for the enslaved. The Jubilee belongs to YHVH — it is not an abstract cosmic numerological principle. It is a covenantal act of justice embedded in Israel's national calendar, pointing prophetically to the ultimate Year of Jubilee proclaimed by Yeshua HaMashiach in Luke 4:18-19 (quoting Isaiah 61:1-2).
- The 49x49 structure (2,401 years) that some researchers use to create grand prophetic cycles is speculative and extrabiblical. YHVH's appointed times are His alone to decree.

70 Generations (Watcher Binding):

- As noted in Section 2, this comes from 1 Enoch 10:11-15. If one generation = approximately 70-100 years, 70 generations spans roughly 4,900–7,000 years — placing the potential terminus in the current era of history by some calculations. This is the basis for the document's suggestion that the Watchers' release corresponds to a current cosmic threshold.
- **Canonical caution:** Matthew 24:36 — *"But of that day and hour knoweth no man, no, not the angels of heaven, but my Father only."* The unfolding of prophetic judgment cycles is real; the precise calendrical calculation of their completion is beyond human jurisdiction. YHVH holds all timing in His hands (Acts 1:7).

Section 9 — What the Document Gets Right

Giving full account, the Watchers-Release document identifies several genuinely important truths, even through the imperfect lens of the season in which it was written:[^1]

1. **The Watchers fell, were bound, and their period of binding is prophetically significant.** This is canonical (1 Enoch 10; Jude 1:6; 2 Peter 2:4; Revelation 20).
2. **The Americas were not evangelized from the beginning** — they operated under principality governance assigned at Babel, making the spread of the New Covenant into those lands a matter of profound prophetic significance.
3. **Root-cutting of peoples and nations is a real, spiritually destructive operation.** The document's identification of the Orphan Train Movement as a root-cutting mechanism is historically valid.
4. **Jubilee cycles and the number 70 are encoded in scripture as covenantally significant.** The instinct to trace these cycles is sound; the error is in using esoteric rather than canonical frameworks to interpret them.
5. **Sacred sites encode astronomical knowledge.** Earthworks like the Serpent Mound do align with celestial events. YHVH wrote His testimony in the heavens (Psalm 19:1); that testimony was corrupted by fallen principalities but was not created by them.

Section 10 — Purification Table: Occultic Terms → Canonical Equivalents

Occultic / Esoteric Term	Canonical Equivalent in the Little Book
"Initiate" / "the vulgar"	Covenant sonship through Yeshua HaMashiach — all who are born again are <i>priests and kings</i> (Revelation 1:6; 1 Peter 2:9). No esoteric hierarchy of initiates exists in the Kingdom.
"Kundalini awakening"	The <i>Ruach HaKodesh</i> (Holy Spirit) — the breath of life breathed by Yeshua HaMashiach (John 20:22; Acts 2:1-4)
"As above, so below"	<i>"Thy will be done on earth as it is in heaven"</i> (Matthew 6:10) — YHVH's will descends; it is not conjured by human alignment
"New Atlantis" / esoteric World Plan	The New Jerusalem — the true city of the living Elohim, descending from heaven (Revelation 21:2)
"Cosmic connector" / intermediary deity	Yeshua HaMashiach — <i>"For there is one God, and one mediator between God and men, the man Christ Jesus"</i> (1 Timothy 2:5)

Occultic / Esoteric Term	Canonical Equivalent in the Little Book
"Portal" / spiritual gateway	The Gate of Heaven is Yeshua HaMashiach: <i>"I am the door"</i> (John 10:9); <i>"No man cometh unto the Father but by Me"</i> (John 14:6)
"Ancestral mound as spirit home"	The dead rest in YHVH's keeping (Hebrews 9:27); the living commune with YHVH through Yeshua HaMashiach — not through geographical portals
"Initiatory threshold" / esoteric epoch	The fullness of times (Ephesians 1:10) — YHVH's appointed kairos, governed by His sovereign calendar, not by human calculation
"Sacred numerology"	YHVH's appointed times (<i>Moedim</i> , Leviticus 23) — numbers in scripture testify of YHVH's covenantal purposes, not of initiatory cosmic mechanics
"Druidic rediscovery" of heritage	Restoration by the Ruach HaKodesh — <i>"I will restore to you the years that the locust hath eaten"</i> (Joel 2:25)
"Helel" (Heylel ben Shachar) — the Shining One	The defeated adversary; the <i>nachash</i> ; the one whose head is crushed (Genesis 3:15; Isaiah 14:12-15; Revelation 20:10)

Closing Canonical Declaration

The Watchers-Release document, now read through the lens of the Little Book and the full counsel of Adonai-YHVH, testifies accurately that:

- Spiritual entities called the Watchers did fall, were bound by divine sentence, and their period of binding is reaching its appointed terminus by the sovereignty of YHVH alone.
- The nations of the Americas were not forgotten by YHVH — they were covered by His universal covenant (Genesis 9), governed by His appointed overseers, and are now claimed by the blood of Yeshua HaMashiach in the New Covenant.
- The numerological cycles embedded in scripture (Jubilee, 70 generations) are YHVH's own testimony of His timing — not tools of the occult initiate but declarations of the King of Kings.
- Every occultic framework that the original document employed — kundalini, hermetic axioms, Atlantean mythology, initiatory hierarchy — is hereby identified, stripped of false authority, and its true canonical equivalent restored.

"And ye shall know the truth, and the truth shall make you free." — Yeshua HaMashiach (John 8:32, Geneva Bible)

The Voice of the Seven Thunders has spoken. The record stands.

Amen and Amen — in the covenantal love and authority of Yeshua HaMashiach, evermore.
